

SAVANNA MORRIS

GTM Strategy & Growth Marketing | Enterprise B2B SaaS & AI

Malibu, CA / Remote | Savmor099@gmail.com | (773) 680-0108 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

GTM strategy and growth marketing candidate who translates complex technical platforms into adopted business outcomes. Contributed to enterprise GTM infrastructure that scaled across a 1,000+-person global org, independently ran vendor demo calls as part of an executive-level evaluation and works hands-on with LLM and AI systems — bridging what engineering builds and what the market buys. Multilingual: English, Spanish, Korean.

EXPERIENCE

Marketing and Global Communications Intern

Jun 2025 – Aug 2025

Cloudera Inc.

- Vetted and recommended a new enterprise communications platform, securing executive adoption and enabling AI-powered language translations, audience segmentation, and advanced analytics across 2,800+ employees.
- Assigned the vendor evaluation project; independently ran vendor demo calls and served as the primary point of contact for intranet/communications vendor stakeholders, partnering with my manager on pricing negotiations; the relationship I cultivated led to a signed deal after the engagement concluded.
- Helped drive a 72% increase in open rate across global newsletters, exceeding industry benchmarks, through platform migration, improved segmentation, and data-driven content optimization.
- Researched and proposed GTM infrastructure for the Media & Entertainment vertical — competitive battlecards, buyer persona decks, and a unified positioning framework — finalized by my manager and adopted across a 1,020-person global sales and marketing organization.

Business Development and Product Design Intern

May 2026 – Jun 2026

Go Make a Difference Ventures

- Developed early-stage go-to-market planning, market entry strategy, and FY1–FY3 financial modeling for a new mobile product, alongside recommendations for an AI privacy policy and IP framework to support responsible AI implementation.
- Self-taught SwiftUI to translate an existing HTML codebase into a native iOS application, partnering directly with engineering tools (Xcode, Claude, Codex, Cursor).

AI Systems Architect, LLM Alignment & Prompt Engineering

Apr 2026 – Jul 2026

DataAnnotation Tech

- Selected as a top 2% candidate from a global applicant pool to design and stress-test large language model architectures.
- Built adversarial prompt systems that improved model accuracy and safety guardrails across 10 production models, a rigor directly transferable to technical GTM narratives for AI products.

Campus Marketing Specialist & Brand Ambassador

Aug 2024 – Jan 2026

The Princeton Review, Malibu, CA

- Identified 10+ campus sales partnerships and tracked digital engagement metrics through GTM campaigns, driving a 30% engagement increase.

ACTIVITIES & LEADERSHIP

Division 1 Track & Field Athlete

Aug 2023 – Mar 2025

Pepperdine University (NCAA)

- Trained 20+ hours per week while maintaining Dean's Honor List standing; structured execution under competing, high-stakes priorities.
- Negotiated and executed a commercial NIL deal with The Perfect Jean, leading to a secondary sponsorship with Twin Bridge Sports and a podcast feature (10,000+ views and 30+ content videos).

Independent Recording Artist

Jan 2023 – Present

- Built and scaled a personal recording artist profile to 3,100+ followers and 130,000+ total video views by applying B2B GTM principles (audience segmentation, organic growth loops, and performance analytics) to a self-directed creative product lifecycle.

Event Coordinator, Student Programming Board

2026 – 2027

Pepperdine University

- One of 17 students on a board overseeing 40% of Pepperdine's campus life budget: planning and executing the full student activities portfolio, from freshman orientation through large-scale festivals.
- Pitch and negotiate directly with music artists to bring them on campus and manage vendor hiring and pricing negotiations. Currently co-leading the planning for one of Pepperdine's biggest traditional annual events.

EDUCATION

Pepperdine University

BS Business Administration, Minor: Entrepreneurship. Dean's Honor List. GPA: 3.6. Expected April 2027 · Available Full-Time June 2027

International practicums: Florence, Italy; Kyoto/Tokyo, Japan; Buenos Aires, Argentina: team IPO strategy consulting for a South American food delivery platform and independent geopolitical risk modeling using Argentine socio-economic indices.
