

SAVANNA MORRIS

GTM Strategy & Growth | AI Systems | B2B SaaS & AI

Malibu, CA · Open to relocating within the US | (773) 680-0108 | Savmor099@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Builds go-to-market strategy and the AI systems that run it. Brought enterprise GTM experience at Cloudera, hands-on evaluation of production LLMs, and a track record of growing an audience from zero on a \$200 budget.

EXPERIENCE

Cloudera Inc. | *Acting Lead, Internal Communications Specialist*

Oct 2026 – Feb 2027

- Post-EVOLVE reporting, monthly partner spotlight reviews, and glossy one-pager review.
- Turn vetted executive emails into reusable templates and banners, and coordinate launches for the Unplug calendar (November), brand assets (January to February), STARS liquidity events (January), SKO streaming (February), and Q4 bonus (February).
- Move Cloudera Conversations from approval through ServiceNow posting, Slack amplification, and newsletter inclusion, and keep the ServiceNow page current with links, press releases, and leadership Q&As.
- Draft, design, and finalize global monthly and weekly newsletters, send monthly folder-update reminders, and route design requests to design contacts. Join impact report reviews, starting from last year's report.

Cloudera Inc. | *Marketing & Global Communications Intern*

Jun 2025 – Aug 2025

- Led the vendor evaluation for a new enterprise communications platform; my recommendation secured executive adoption, unlocking AI-powered translations, audience segmentation, and advanced analytics for 2,800+ employees.
- Ran vendor demo calls and served as primary vendor contact, partnering with my manager on pricing; the relationship I built led to a signed deal after my internship.
- Audited 17 months of newsletter engagement data and built Excel dashboards and heatmaps; my audit and strategy contributed to a 72% lift in open rates, achieved with my manager after my internship.
- Researched and proposed GTM infrastructure for the Media & Entertainment vertical (battlecards, buyer personas, positioning framework), finalized by my manager and rolled out across a 1,020-person global sales and marketing org.

Go Make a Difference Ventures | *Business Development & Product Design Intern*

May 2026 – Jun 2026

- Self-taught SwiftUI and rebuilt an existing HTML codebase as a native iOS prototype using Claude, Codex, and Cursor, with a multi-step AI prompting strategy that preserved the app's architecture.
- Supported go-to-market planning, market entry strategy, FY1–FY3 financial modeling, and AI privacy and IP recommendations for a new mobile product.

DataAnnotation Tech | *AI Model Evaluation, Adversarial Prompt Engineering*

Apr 2026 – Jul 2026

- Selected in the top 2% of a global applicant pool to design/stress-test system prompts and adversarial evaluations across 10 production LLMs, mapping reasoning failures and guardrail weaknesses to help improve model accuracy and safety.

LEADERSHIP & PROJECTS

Service Leadership Capstone, Pepperdine | *Client Consultant & Team Manager*

Fall 2026

- Lead a 5-person student team advising a Los Angeles nonprofit food pantry; run biweekly team meetings and weekly client meetings with its president and a board member, owning agendas, task assignments, and timeline.
- Diagnosed a 41% revenue decline through financial, site, stakeholder, and digital analysis.
- Building implementation-ready assets: contact database, outreach calendar, grants list, email templates, and analytics dashboard.

Student Programming Board, Pepperdine | *Event Coordinator*

2026 – 2027

- One of 17 students overseeing 40% of Pepperdine's Campus Life budget; negotiating directly with vendors; co-leading annual event.

AI Builds

Ongoing

- Champion Detection Agent (Python lead-scoring concept), Orr Verse (shipped PWA with Firebase and GitHub Actions), and AI tutor agents I built to learn Python and Figma.

Division I Track & Field Athlete & NIL Partner | *Pepperdine (NCAA)*

Aug 2023 – Mar 2025

- Trained 20+ hours a week with a 3.62 GPA; approached directly by The Perfect Jean, then competed for and won NIL partnerships with Twinbridge Sports and a paid Next Level Prep podcast (10,000+ views, 30+ videos).

Independent Recording Artist & WAVES WORSHIP Member

Jan 2023 – Present

- Grew from zero to 3,100+ followers and 130,000+ views on a \$200 ad budget using audience segmentation and analytics.

EDUCATION

Pepperdine University | *BS Business Administration, Minor in Entrepreneurship*

Expected May 2027

GPA: 3.6 | Dean's Honor List | Available full-time June 2027 | Practicums: Florence, Tokyo/Kyoto, and Buenos Aires, where I mapped regional labor supply metrics and led my team's recommendation for Rappi's post-IPO expansion into Panama City

SKILLS
